Beth,

Below is an update from the team on Capital Region Water (CRW):

**Capital Region Water (CRW):**

- On September 14, 2021, EPA and PADEP met with Capital Region Water (CRW) the wastewater authority in Harrisburg, PA to discuss Consent Decree (CD) projects.
  - The discussion focused on Appendix B, CD deliverables, which are a combination of collection system remedial and CSO reduction projects.

## Ex. 5 Deliberative Process (DP)

- EPA is expecting a series of deliverables from CRW by October 1, 2021, and based on this information, the next settlement negotiation will be scheduled.

If you have any question, please reply all and Steve and Pam can assist.

Thanks,  
Mark

**Subject:** ACTION BY TUES, 9/28; Input for state secty talking points - PADEP and WVDEP

Hello ECAD Managers:

The baton has been passed from Zelma to me. **By the next Tues, Sept 28, 11am**, please submit your proposal for any critical hot and/or emerging issues that you feel the RA should raise during his monthly meeting with **WVDEP and PADEP**.

**You have the option** of either emailing me PRIOR to the managers meeting (preferred), or raising the topic during the meeting to confirm it should be included this month.

Please respond to this email with “no input” if no hot issues for your group.

For context, we submitted the following topics last month:

---

**WVDEP**

**Nonresponsive based on revised scope**

### Capital Region Water (CRW):

- On August 24, 2021, EPA and PADEP met with Capital Region Water to discuss the draft amended Consent Decree (CD). The discussion was productive.
- Both sides need to clarify several Long-Term Control Plan (LTCP) issues like sensitive areas and pollutants of concern.
- The parties need to work out when the LTCP will be due and a schedule to do the most serious repairs to the system, including installation of solids and floatable controls for CSO outfalls.
- The next settlement meeting is scheduled for September 14, 2021 to discuss the amended partial CD's injunctive relief provisions and its associated schedule.
- All parties are waiting for the Court to make the decision on the Lower Susquehanna Riverkeepers Association Motion to Intervene as to whether to allow them to become co-plaintiffs.
